I understand that there will be no refunds after September 1, 2008. This is a reservation to grow food in the ground by row, for your family, the farmer is paid to grow the food for you. I also understand that if I do not pick up my share, myself, or someone that is authorized to do so by the end of the designated pick up time, that my share will be donated to a worthy recipient and that I will lose the weeks produce that was packed for me. Let us know if you are on vacation and who will come for you. Coordinate groups to pick up the share for you if you cannot. I understand that each week my share will include seasonal types of an amount of produce that is harvested. I understand that the risks of farming may occasionally reduce the share variety and portion. In the event of a weather catastrophe my share remaining allowance would be rolled into as a credit to next season's share if I choose to renew.
